TRIP

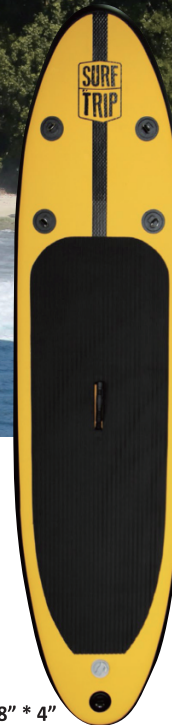

Kids Version

- **GREAT FOR THE LITTLE ONES** - Designed specifically to support children and smaller individuals from 15 - 60 kgs. The length, generous width and flat rocker provide a stable versatile board for the little ones with a volume they can manage.
- **HIGH DURABILITY** - No need to worry about dings or damage. Run it over with your vehicle, throw it on off the roof or ram it into the rocks or pier. Its military grade material is nearly impossible to damage.
